SKATING CRAZE

Lewis County's Representative Goes After the Popular Sport

Representative Jasper D. Lowder of Lewis
county has evidently got it in good and strong
for the skating rink craze, for he has intro-
duced a bill in the Legislature fixing a state
license of \$500 per annum for these amusement
enterprises.

The bill contains a long preamble scoring
the pastime and the habit of young men and
women gliding over the floor on rollers, hand
in hand.

From the eager manner in which the solons
patronize the skatorial institution at Frank-
fort, it would appear to an outsider that Mr.
Lowder's bill will encounter rough sledding in
the General Assembly.

Mrs. J. H. Samuel continues critically ill and
was reported worse this morning.

CIRCUS MAN

Colonel Lud Hamilton Has An Offer of General Agency

Portsmouth Blade.

Manager Lud Hamilton of The Orphium re-
ceived a very flattering offer this morning from
a circus, whose name he would not divulge.

The management tendered him the general
agency of the big show. He has not yet de-
cided whether he will accept, but in all proba-
bility he will, as the circus season does not
start until May.

NOT ONLY A WONDERFUL SALE FOR US, BUT ALSO A WONDERFUL PURCHASE FOR YOU!

So much so that many who bought those Suits at \$9.50 don't seem to understand it. "We do." Conditions point to lower prices on all
kinds of materials for men's wear. What money is lost on what we sell in this sale is partly made up by getting the CASH and enables us to se-
cure concessions on our spring purchase.
A few days since we run across about 85 Men's Suits, all sizes, adapted for spring wear. Many of these Suits are worth and sold for \$15 to
\$20. The Spot Cash bought them cheap, so cheap that this week they will go on the \$9.50 Table.

NOW IS THE TIME TO BUY AN OVERCOAT---"RIGHT NOW."

THE CIVIL WAR VETERAN

Passing Away---Why Not Organize a Sons of Veteran Camp?

The rapid stride with which the veterans of
the Civil War are marching to the Great Beyond
—over forty thousand annually—there will be
none left in a few years of the mighty host
that composed the armies of '61 to '65.

The Grand Army of the Republic will have
passed in review for the last time, taps sounded,
lights out and all "will have crossed over the
river and joined the silent majority gone
before."

There can be only one G. A. R., but the Sons
of Veterans can perpetuate and keep alive the
memory and deeds of their fathers for years to
come, and upon them alone can the mantle of
those valiant soldiers descend.

Years ago Maysville had a splendid Camp of
Sons of Veterans in the personnel of Camp
Morris C. Hutchins, and that it was allowed to
disintegrate and die shows a lack of patriotism
on the part of the rising generation.

The boys were provided with all necessary
paraphernalia for an up-to-date Camp. A \$50
Flag—presented to the Camp by Major Morris
C. Hutchins—was a part of the assets. What
has become of all this Camp equipage?

Why not reorganize and bring to life again
Hutchins Camp? There is no lack of material

in this city for a first-class Camp; all that is
needed is a few energetic young men to take
the matter in hand and work it up.

What say you, shall it be a go?

At Lexington Sculptors from all parts of
the country are present to submit their bids
on the Gen. Morgan monument, to be erected
on the lawn of the library. The committee of
the Daughters of the Confederacy, having the
matter in hand, meets today.

A. T. CO. INQUIRY

At Louisville Ends and Hearing Will Continue at Nashville

LOUISVILLE, Ky., January 29—Although a
number of witnesses had been summoned, only
three were examined by Mr. C. J. McReynolds
of the Department of Justice at yesterday's
hearing of the Government's investigation of
the American Tobacco Company. The hearing
was recently adjourned to Louisville from
New York and it had been expected that it
would be rather an extensive one in view of
the importance of the Louisville and Cincin-
nati markets, but after a short session, Mr.
McReynolds adjourned the hearing to Nashville
and set the time for January 30th.

The object of the investigation is to deter-
mine whether or not the American Tobacco
Company is an unlawful combination in re-
straint of trade.

In the Pennsylvania capital graft cases it appears that the State is throwing good money after bad. Old Pennsy got "stung" that's all.

THE Chicago Record-Herald says a girl can forget in six months after her marriage all the music it took her twelve years to learn. It might be added that her friends are often real glad that she forgets.

THE question of HARRY THAW's insanity has been fully settled. The only thing that is troubling the learned doctors now in the celebrated case, is just what to call HARRY's peculiar breed of insanity. Plain "bughouse" might do.

On the eighth day of July, next, we intend to nominate WILLIAM J. BRYAN for President.—Champ Clark of Missouri.

And on the third day of November, next, we intend to beat him again.—Portsmouth Blade.

And on the fourth day of March, 1909, we're going up to Wash., D. C., to see the Republican party deliver the goods to TAFT and HUGHES.

MRS. ANNIE BRADLEY, who murdered Senator ARTHUR BROWN at Washington City in the Raleigh hotel December 8th, 1906, and who was acquitted by a lachrymose Jury, is now reaping the whirlwind. She is penniless in Salt Lake City and has appealed to her friends for aid. She lives in a little hut on the outskirts of the city with her four children, two by her former husband and two that she claims are the sons of BROWN. Truly, the way of the transgressor is hard.

THE original Taft man is beginning to appear. There is going to be quite a crop of the genus.

CONGRESS and Legislatures make big claims about accomplishing things until the appropriation question is reached. Then the nothing doing flag is run up.

THE Cincinnati Enquirer wants one day of the year set aside in the calendar as a National secular fast day. We suggest the fourth Friday in November as said fast day.

REPRESENTATIVE McKNIGHT promised that he would push the appropriation for a handsome new Governor's mansion at Frankfort. But he has evidently been so busy changing his vote for Senator that he hasn't had time to devote to a minor consideration like a decent home for the Governors of the old Commonwealth. Get busy, Mr. McKNIGHT, and do something. We're helping pay your perdiem.

CUTTING out the tobacco crop in Kentucky this year may prove a good thing after all, and may induce many people to cut out the habit of chewing and smoking altogether. Tobacco is classed as a luxury and we are quite sure the women would welcome with delight the proposition. The sudden elimination of 280,000,000 pounds of the best tobacco grown on earth would naturally produce a vacuum somewhere. The men have got to chew something, even if they have to chew the rag. Why not cut out the gum chewing also? Horrors! Suppose a "tobacco war" should break out between the women and the chewing gum trust?

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. The days have lengthened since December 22d 49 minutes.

Deputy County Clerk A. F. Wood is quite ill at his home in Limestone street.

William E. Smith won the handicap race at Princess Rink last night over a number of contestants.

The farmers are happy. They are now harvesting a crop of clean, clear ice about two inches thick.

Among the number receiving treatment at Hayswood Hospital are Miss Maggie Stewart of the city and Mr. James Lashbrook of the county.

The First National Bank Building is looming higher every day and now overtops all buildings in the street. When completed it will be a magnificent structure, a credit to its owners and city as well.

Mrs. Sallie Ricketts of this city is attending the bedside of Mrs. Mary Wilson, who is seriously ill at her home in Clifton, Cincinnati. Mrs. Wilson has been ill almost following her removal from this city.

This is Leap Year, but the boys say that the Maysville girls have evidently forgotten all about it, at least, they have so far failed in taking advantage of their prerogative, inasmuch as they have neglected giving a dance as they should have done sometime ago. The boys are waiting patiently, however, hoping every day that they will mend matters soon by giving a swell hop.

Mr. J. G. Wadsworth has returned from Clifton Forge, Va., and brings the gratifying information that his brother, Hon. W. H. Wadsworth, underwent a successful surgical operation at that place Tuesday. He is reported to have passed through the trying ordeal and rallied from its weakening effect in a manner satisfactory to his attending surgeons and physicians. When Mr. Wadsworth left for home his brother was doing nicely and as well as could be expected.

POINT ON SECOND MARRIAGES.

Sexes Differ When It Comes to Choice of Future Mate.

"There's a curious thing," said a minister, "that I've noticed about second marriages. It is this: Widowers rarely marry women whom they knew either before or during their first period of married life, while with widows the case, as a rule, is just reversed.

"How do I explain this? Well, I don't; I just mention the fact. But I suppose my guess is as good as another's. Of course, to begin with, a man has more freedom of choice; that is, his activities are apt to give him a larger circle of acquaintances than a woman.

"A woman, if her first marriage has been happy, longs for a continuation of that happiness; if it has not been wholly so, she is still searching for a satisfaction of ideals. She is more likely to regard with favor a suitor whom she has known for some time than a recent acquaintance. Women, you remember, are naturally more conservative than men, and a woman is much more disposed to be careful about a second marriage than a first.

"Of course, these are only theories that I'm indulging in. But the facts regarding the tendencies in second marriages are as I have stated. Any one can confirm them by running over the second marriages of his or her friends."

JUST WANTED TO SEE MONEY.

And the Little Old Lady Had Her Confidence Restored.

She was a little old lady, so little and so old that with considerate friends she would never, never have been allowed alone in the hurried throng on the busy streets. She was such an old little lady that she had only just learned that there had been trouble in the banks, and she had made such haste as she could to be sure that her money—all the money she had saved—was safe.

"Have you got my money?" she asked tremulously when she finally reached the teller's window.

"How much did you have?" asked the teller kindly. No one could help being kind to such a little old lady.

"Twenty-five dollars," she answered. "Two tens and a five. I didn't wish to take it out," she continued apologetically, "but I should feel better if you could just let me see it."

So they showed her carefully "two tens and a five." Her faded eyes brightened, and with a grateful "Thank you," she left, every line of her bent little figure showing happy contentment and confidence, for she had seen her money.

The American in Canada.

The American farmer is a practical man; there is no clever-headed citizen in the world, and moreover he is frankly honest. When he finds in Canada a system of jurisprudence under which law is everywhere respected, when he learns that Canada has never seen a lynching, that Canadian history tells of no Indian wars, he is very willing to acknowledge that there is little here he would wish to change. The fact is that in his general views and attitude toward life no one is more like a Canadian than an American. The fact that they are subjected to similar environment and to the same broad sweeping continental forces readily explains how by merely crossing north or south an imaginary boundary line Canadian and American alike pass from one citizenship to another with far less friction than an Englishman can be transplanted to either American or Canadian soil.—Atlantic Monthly.

SOCIAL EVENTS

Tuesday's Charleston, W. Va., Gazette.

The social event of the mid-winter season was the luncheon given yesterday by Mrs. Herbert Frankenberg at the Ruffner hotel, in honor of her guest, Mrs. Marcus Davis, of Maysville, Ky. Covers were laid for twenty-five guests in the pretty grill room of the Ruffner where the table was decorated with narcissus and palms. After an eight course luncheon the guests played bridge. Each of the out-of-town guests, Mrs. Davis, Mrs. Marcus and Mrs. Rosenfelt, received a beautiful bouquet of narcissus. Mrs. Sol May was awarded the head prize, a Venetian gold leaf bowl.

COOPER MET USUAL SUCCESS IN PITTSBURG

Received Thanks from Hundreds While in the Smoky City.

The following article, taken from the Pittsburg Press, describes the results of L. T. Cooper's visit to that city, and the effect of his new preparation as told by people who had become convinced of the soundness of Cooper's theories with regard to the human stomach.

Cooper believes that the human stomach in civilized races has become greatly weakened. He claims that most ill health of the present generation is due to this fact. The article is as follows:

"L. T. Cooper is meeting with the same astonishing success in Pittsburg as in other cities. For the past few days many thousands of Pittsburg people have called at his headquarters to talk with him.

"Cooper's prophecy, made upon his arrival, to the effect that before he left Pittsburg thousands would realize that his theory is correct and would come and thank him for what his medicine had done, is rapidly being borne out. On Monday an astonishing number of people called to express their gratitude to Mr. Cooper. Judging from what some of these people had to say to a Press reporter, when interviewed,

Cooper's claim that the human stomach is degenerate is distinctly verified. "One of the most unusual statements was made by Mr. C. W. Woods, of 103 South Highland Street. He said: 'For four years my wife was in very poor health. She was weak and thin, with a hectic flush and cough. Physicians said she had consumption, and I was inclined to believe them. It certainly looked as though her days were numbered, and there appeared to be very little ground for hope.

"Shortly after Mr. Cooper came to Pittsburg I began to hear of wonderful results that had been obtained by persons who had tried his medicine, so I got some for my wife. She had taken it only two days when she was relieved of a tapeworm 42 feet long. She began to improve immediately—has gained seven pounds since she began taking the medicine. She feels splendid and looks very much better. If any one doubts this statement I would be pleased to have them call at my house and verify it."

The Cooper remedies are becoming justly famous. We sell them.—T. J. Chenoweth.

Mrs. S. A. Reed, wife of a C. and O. operator stationed at Garrison, took carbolic acid with suicidal intent yesterday afternoon. She is in a serious condition, but will probably recover.

Dr. J. N. McCormick, Chairman of the State Board of Health, will deliver a lecture at Flemingsburg February 7th on the prevention and treatment of tuberculosis.

The Montgomery county grand jury returned true bills against Mrs. Sola Kirtley and Edward Flack, charging them with the murder of Robert Kirtley, husband of the woman.

Yesterday afternoon Harrison Bradford was picked up in East Third street by Officer Ryan in a dazed and limber drunk condition. He was bloody and had several severe bruises on his head; whether he received them in a fight or a fall is not known as he was too drunk to know anything about it. It required both Ryan and Senteney to put him in jail, as they had almost to carry him, he was so helplessly drunk.

TOBACCO TENANTS

Many Will Leave Nicholas County About March 1 Because of Unsettled Conditions in State

On account of the farmers throughout the county agreeing to cut out the tobacco crop for 1908, a number of the tenants in Nicholas county, who have hitherto made their living from the crops of tobacco grown each year, and who depended principally on this one product of the farm for their support, are now turning their attention to the Middle West, and a number of them will move there about March 1st, where the farming situation is more settled than in Kentucky today, on account of the tobacco trouble.

There are also a number of renters trying to secure lands for this year, but on account of the price have been unable to secure any. The tenants claiming that unless they were permitted to grow tobacco they would be unable to pay the high rent demanded by the landlords.

There are scores of tobacco tenants in Mason county who will be compelled to sell out and leave for other states or remain and starve at home.

Correspondence

PLUMVILLE.

Wednesday morning, the 15th inst., at 4 o'clock a death occurred that sent a painful thrill through every sympathetic bosom in this vicinity. Mrs. Mary Nicholson Welsh, aged 68 years, wife of James Welsh, was called to her eternal home with a suddenness that was as startling as it was sad. She is survived by a husband and eight children—five sons and three daughters—Messrs. Thomas, James W., Charles, Harry E., and Joseph R., and Mrs. Maggie Malone, Mrs. Anna Fogarty and Miss Ida Welsh. The funeral took place at St. Patrick's Church at Maysville, conducted by Rev. Father Jones. Interment following in Washington Cemetery.

EAST LIMESTONE.

Mr. James Hickey of Chicago is visiting his aunt, Mrs. Mary Russell of Summit.

Mrs. Richard Soward of Summit is confined to her home with symptoms of pneumonia.

Mr. Forrest Sloop of Newport spent Sunday and Monday at the home of Mr. Richard Williams.

Messrs. Kay Stevens and Frank Williams have each been suffering with a similar severe throat trouble.

The different phases of the weather Sunday exemplified thunder, spring showers, sunshine and a brilliant rainbow.

May Rose, bright little daughter of Mr. and Mrs. Nick Ring, is still suffering with paralysis with no noticeable change for the better.

The sudden demise of Mr. Henry Colburn came as a surprise to his many friends here, where he just a short time subsequent to his death, attended a social gathering.

MOUNT GILEAD.

Mrs. Em Bramel and family are preparing to move to Maysville.

We hear all kinds of tobacco talk out this way and all are getting very anxious to know how the matter is to be settled.

Misses Lizzie Clay Stone and Addie Barnes Rice have returned to resume their studies at Bourbon College, Paris, after spending two weeks holiday at their homes; the first her graduating year and the latter her first.

There is a good deal of planning now among the farmers as to what crops they should substitute for tobacco. I would say, rather than have an over production of something else, which is very likely, put the land in grass and let it rest and there will be a great saving in not having to be bothered with hired hands and work stock to furnish and feed and tools to buy and other things too numerous to mention.

Mr. H. C. Stone seems to have had luck coming his way lately, being crippled two or three times himself and had a good horse to kill with a broken leg and three others crippled and a cow going on three legs and barely escaping other mishaps, &c causing him to wonder what will be next. Also his son, Kinze, who lives with him has been housed for four weeks and just now getting able to get out on a crutch, caused by the kick of a horse

Protracted meeting closed here Thursday night.

Miss Effie Reinhardt's school at Hoops' closed last week.

Farmers are plowing and grubbing when the weather permits.

It does seem the dog tax is not according to the ad valorem system.

Snow No. 11 fell here Monday and Tuesday. All of them would make one about ten inches deep.

L. C. Harrison of Pleasant Ridge sold a lot of fat hogs to Edmond Henderson, Monday at \$4.10 per hundred.

Some "Pheller" in the Kentucky Legislature should present a bill forbidding the people to raise any corn, oats, wheat or gardens this season, just for a change.

The Assistant Secretary of State says Postmasters are not eligible for appointment to the office of Notary Public, which is a direct conflict with the U. S. Postal Laws as regards fourth class Postoffices. Postmasters of the fourth class are eligible, and if the Kentucky Statutes says not the sooner the present Legislature passes an act to conform to the Postal Law's the better.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

MARRIAGES.

Mr. Artie L. McRoberts and Miss Maud Wyers, a handsome and stylish couple from Hillsboro, Ky., were married in the parlor of the Ramey House in West Second street yesterday forenoon, Rev. G. W. Bunton of the Third Street M. E. Church officiating.

After suffering for seven years, this woman was restored to health by Lydia E. Pinkham's Vegetable Compound. Read her letter.

Mrs. Sallie French, of Paucanla, Ind. Ter., writes to Mrs. Pinkham: "I had female troubles for seven years—was all run-down, and so nervous I could not do anything. The doctors treated me for different troubles but did me no good. While in this condition I wrote to Mrs. Pinkham for advice and took Lydia E. Pinkham's Vegetable Compound, and I am now strong and well."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat your letter in confidence and advise you free. No woman ever regretted writing her, and because of her vast experience she has helped thousands. Address, Lynn, Mass.

BAD BLOOD

"I had trouble with my bowels which made my blood impure. My face was covered with pimples which no external remedy could remove. I tried your Cascarets and great was my joy when the pimples disappeared after a month's steady use. I have recommended them to all my friends and quite a few have found relief."

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous
For Maysville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Maysville.

Mrs. J. E. Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says;

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills at J. Jas. Wood & Son's Drugstore I was troubled with severe spells of backache and kidney complaint which came on every few months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to their use has never failed to quickly and positively check the trouble. In every case I know of where Doan's Kidney Pills have been used the results have always been satisfactory.
